Welcome to My Plone website

This welcome page is used to introduce you to my use of the Plone Content Management System, including my electronic portfolio.

Welcome to my Plone e-portfolio. I am exploring the capabilities of using Plone to maintain electronic portfolios as part of my research on implementation of online electronic portfolio systems.

Click on one of the links in the left side to see the pages that I have decided to include in this version of my portfolio. You can read my biography, see the artifacts that I have identified as my best work, and read my reflections about creating this portfolio. You can also see my Portfolio-at-a-Glance (PDF).
