**Capricorn**
The person you've been dreaming about is right around the corner, and it turns out they've been dreaming about you, too. No fair staying home. Make sure your nest is ready for company, and head out.

**Aquarius**
A family member who's rather set in their ways could pose a problem now, but you really need to be understanding -- especially if they're not as young as they used to be.

**Pisces**
Every word you utter will carry weight and take on a life of its own. You may not realize it, especially if you're angry. Now that you know, think for a few seconds before you open your mouth.

**Aries**
You haven't been home in days and you need some sleep. If you can't take the day off, at least make it an early night. You face an impending deadline so it's best to take a break from the ordeal.
